

Misson Primary School

You already have your wings, we will help you fly

Dear Parents and Carers

I am writing to let you know about an exciting event in school next Friday. Following a very generous donation from a parent whose children attended Misson Primary school in the past, we are having a day of joy and fun for all the children from preschool through to year 6.

This will be provided by Bob Adams from Beyond a Joke. He will be working with each class in turn, throughout the day, and will be bringing the whole school together at the end of the day for some spectacular bubble fun.

In order to pack all of this into the day, we will be slightly extending the finish time for school until 3.30. We believe that this will give our children a full access to a very special day.

I also wanted to let you know that from next week we will not be allowing children to wear smart watches in school. This follows some incidents where smart watches have been used to take photos of children without their permission. As it is not possible to easily distinguish between watches that take photos and those that don't, no smart watches will be allowed regardless of the technology.

We have made this decision with children's safety in mind, and with regards to the government's ban on smart phones in school, as some watches have internet and gaming capability built in. Whilst this may be disappointing for some children, we need to ensure all our children are safe in school.

Thank you for your continuing support, I look forward to seeing many of you next week for the performances on Wednesday and Thursday.

John Birch
